"Life looks dark indeed when a woman teels that her strength is sapping away and she has no hopes of ever being restored. Such was my feeling a few months ago when I was advised that my poor health was caused by prolapsus or falling of the womb. The words sounded like a knell to me, I felt that my sun had set; but Lydia E. Pinkham's Vegetable Compound came to me as an table Compound came to me as an elixir of life; it restored the lost forces and built me up until my good health returned to me. For four months I took the medicine daily and each dose added health and strength. I am so thankful for the help I obtained through its use."—Mrs. Florence Danforth, 1007 Miles Ave., St. Joseph, Mich. - \$5000 farfelt if original of above letter proving genuineness cannot be produced.

One is entitled "The Panhandle of Texas," the other "Fruit Growing in Pecos Valley of New Mexico." The first shows that the Panhandle region is the ideal place for the man who wishes to combine small farming with stock raising. The second presents facts to prove that the Pecos Valley is one of the finest fruit section in the United States.

### Republican Leaders Take Different Views of Controlling

The hollowness and fickleness of our present so-called prosperity are becoming apparent. Its delicacy and unsoundness are now being admitted by the many textile manufacturers in Thiladelphia. Nearly 100,000 of their capitoges are on strike for shorter hours and some of them also for higher wages. The textile workers think it only fair that they should get a small share of the great prosperity which they have been hearing and reading about for so many years. They are now being told that it is too late and that not only are the manufacturers not making the profits they made a few years ago, but that the outlook for the future is had. The following is from an editorial on the Philadelphia.

Thank Pe-ru-na for Their Recovery After Years of Suffering.

Organizer of the Royal Templars of Temperance, in a recent letter, says: "I think that a woman naturally shrinks from making her troubles public, but restored health has meant so much to me that I feel for the sake of other suffering women it is my duty to tell what Peruna has done for me.

"I suffered for five years with nterine irregularities, which brought on hysteria and made me a physical wreck. I tried doctors from the different schools of medieine, but without any perceptible change in my condition. In my despair I called on an old nurse who advised me to try Peruna, and promised good results if I would persist and take it regularly. I thought this was the least I could do and procured a bottle. I knew as soon as I began taking it that it. was affecting me differently from anything I had used before, and so I kept on taking it. I kept this up for six months, and stendily guined strength and health, and when I had used fifteen bottles I considered myself entirely cured. I am a grateful, happy woman to-day." -Miss Murrel Armitage.
